

Introduction

Sometime its hard for people to take out time from busy schedule and go to hospital for short-term treatments like injection, dressing etc.

So, Our website “Neighboring Nurse” provide short term services that stops the frequent hospital visits. What you want to do is select the service and location, then book an appointment and the nurse will there at respective time to complete your treatment at your home.

“Neighboring Nurse” is like a Nurse Portal, Where the nurses who want to do part/full time jobs at their convenient time can create their profile.

In their profile they have to provide their Registered Nurse (RN) certificate, work experiences, services charges, places so that the patient will be aware of when or where the nurse is giving her services before giving a request for a service and then do payment for that as well through both modes and give their feedback also.

Functionality

1. Sign-up:

- In Sign-up page user/Nurse can register himself/herself in the system by filling some details like email, name, age etc.

2. Log-in:

- In this User/Nurse/Patient can login in system from anywhere and on from any device by just entering mail-id and password.

3. Search:

- **User:** In search page user have to enter his/her location and what kind of service they want. Once user entered this it will show the list of nurse who will able to provide that service in that entered location.

4. Patient Request Forms:

- This will contain request forms created by a patient/User.

5. Nurse Request Form:

- This will contain request forms created by a Nurse.

6. Accepted Request Form:

- This will contain all the accepted requests of the patient with a nurse.

7. Accepted Request Form Nurse:

- In this module nurse can select the location and services she wants to provide

8. Payment:

- Patient/User can make the payment of services in two ways:
 - Online
 - Offline

9. Nurse Wallet:

- Through this nurse can withdraw her earned money from the system account. For that, the nurse has to provide her bank account details to us.

10. Profile:

- **User:** In profile page, user/Patient/Admin can view his/her profile and update delete or edit their profile.

11. Contact Us:

- In this module user/nurse can contact us from this contact page and tell us about his/her problem they face while using the website.

12. Services:

- In this admin can add/delete/update different types of services if needed.

13. Location:

- In this admin can add/delete/update different location if needed.

System Modules

1. Sign-up:

- **User:** In sign-up page user can register himself/herself in the system for getting services by filling some details like email, name, age etc.
- **Nurse:** Same way nurse can register herself by accepting some policies and giving her details like name, email id, her experience, her RN number to check whether she is certified nurse or not. If all the details are correct then she will able to register in system else if her request will be denied.

2. Log-in:

- **User:** Once user registered himself/herself then he can login in system from anywhere and on from any device by just entering mail-id and password.
- **Nurse:** Same applied to nurse also once she registered himself/herself then she can login in system from anywhere and on from any device by just entering mail-id and password.
- **Admin:** The mail-id and password will directly provide to admin by system only, he/she just need to enter this and can login in system from anywhere and from any device.

3. Search:

- **User:** In search page user have to enter his/her location and what kind of service they want. Once user entered this it will show the list of nurse who will able to provide that service in that entered location.

4. Patient Request:

- This will contain request forms created by a patient/User. Here patients can create a new request form and sent it to a nurse.

5. Accepted Appointment Request:

This will contain all the accepted requests of the patient with a nurse with the appropriate service status(Pending, Service Time, Completed, Expire).

- **User:** With above, it also contains requested nurse info, it's own

request form, cancel & payment options to patients.

- **Nurse:** Addition to above, it also contains the cancel option, patient's request form to nurse and checkbox for offline payment if the patient has selected it.

6. Payment:

- **User:** Patient/User can do the payment in two ways:
 - Online: In this approach, patients will pay in our system account and we will pay to nurses when they request for it.
 - Offline: In this approach, the patient has to first select offline payment and then the nurse has to check for it, if she gets her money.

7. Nurse:

- **Nurse:** Through this nurse can withdraw her earned money from the system account. For that, the nurse has to provide her bank account details to us.

8. Profile:

- **User:** In profile page, user can view his/her profile and his/her current services which is going on. Moreover, he can update his profile if needed and delete account if he/she willing too.
- **Nurse:** Here nurse can view her profile and her scheduled services of a week. Moreover, she can also update/delete her profile if she is willing too.

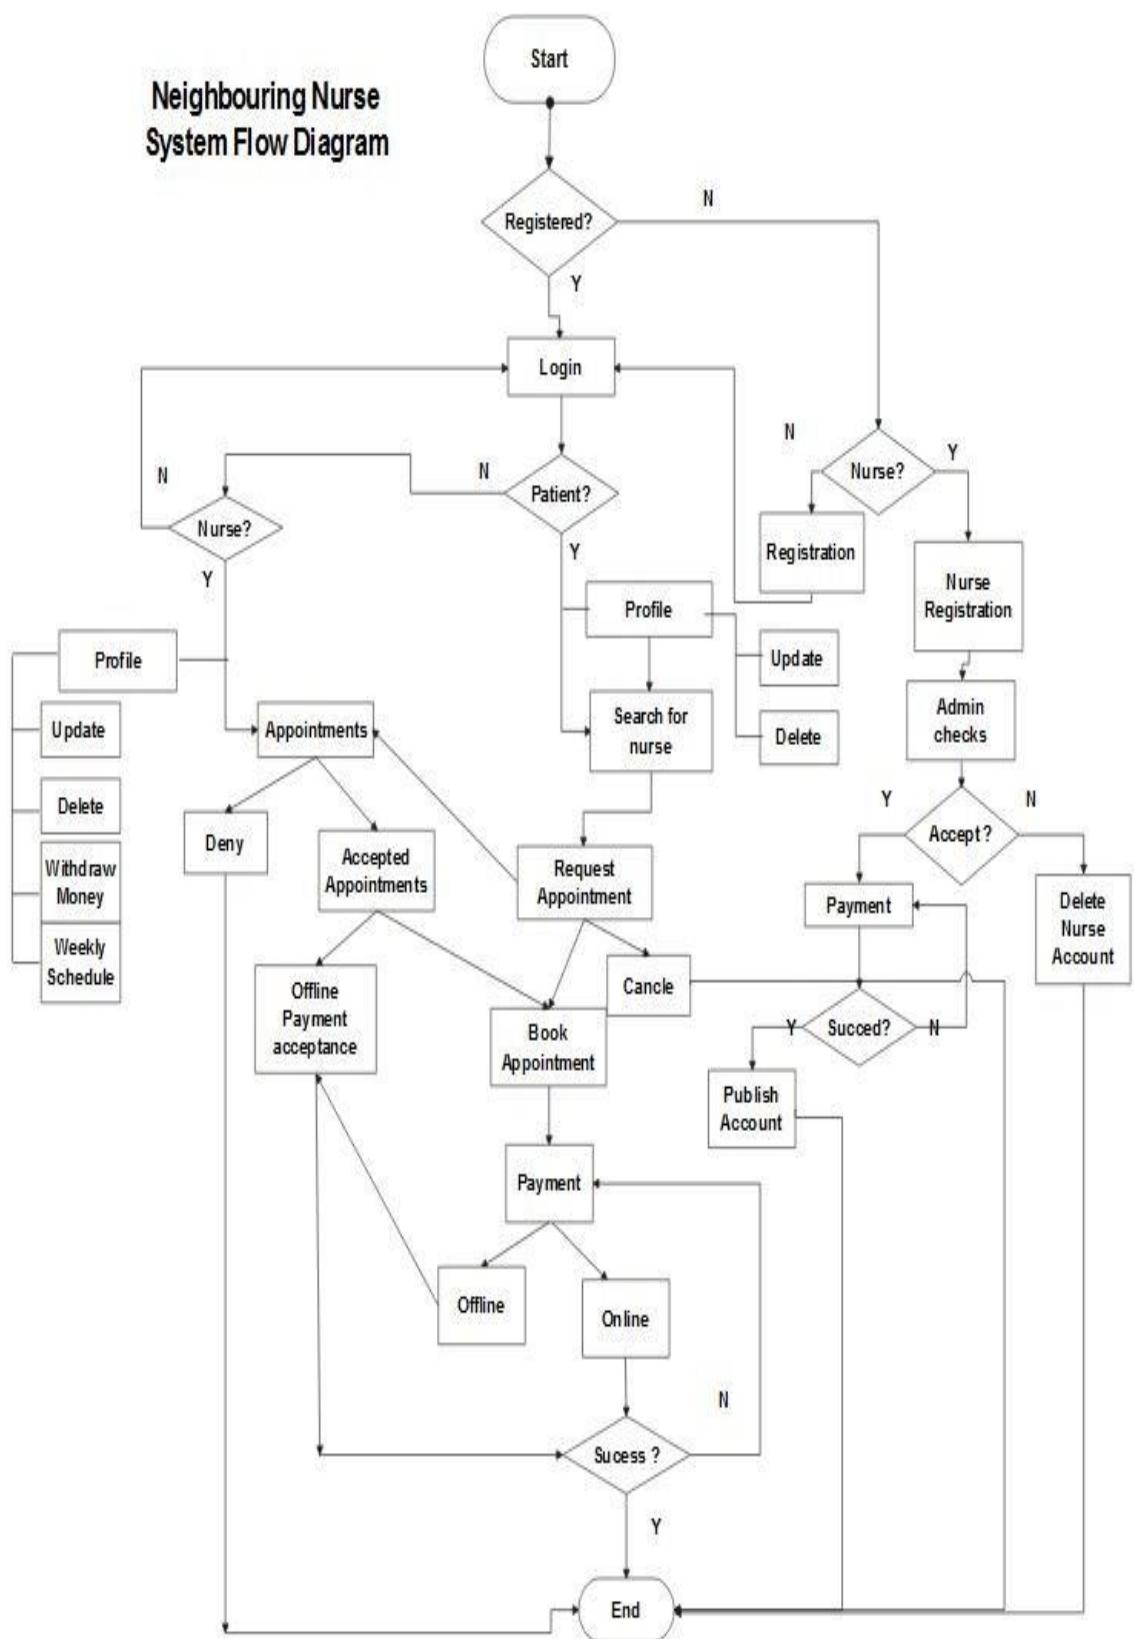

9. Service:

- **Nurse:** Here, nurse can select add/delete/update services that she wants to provide.
- **Admin:** Admin can add/update/delete services in the system

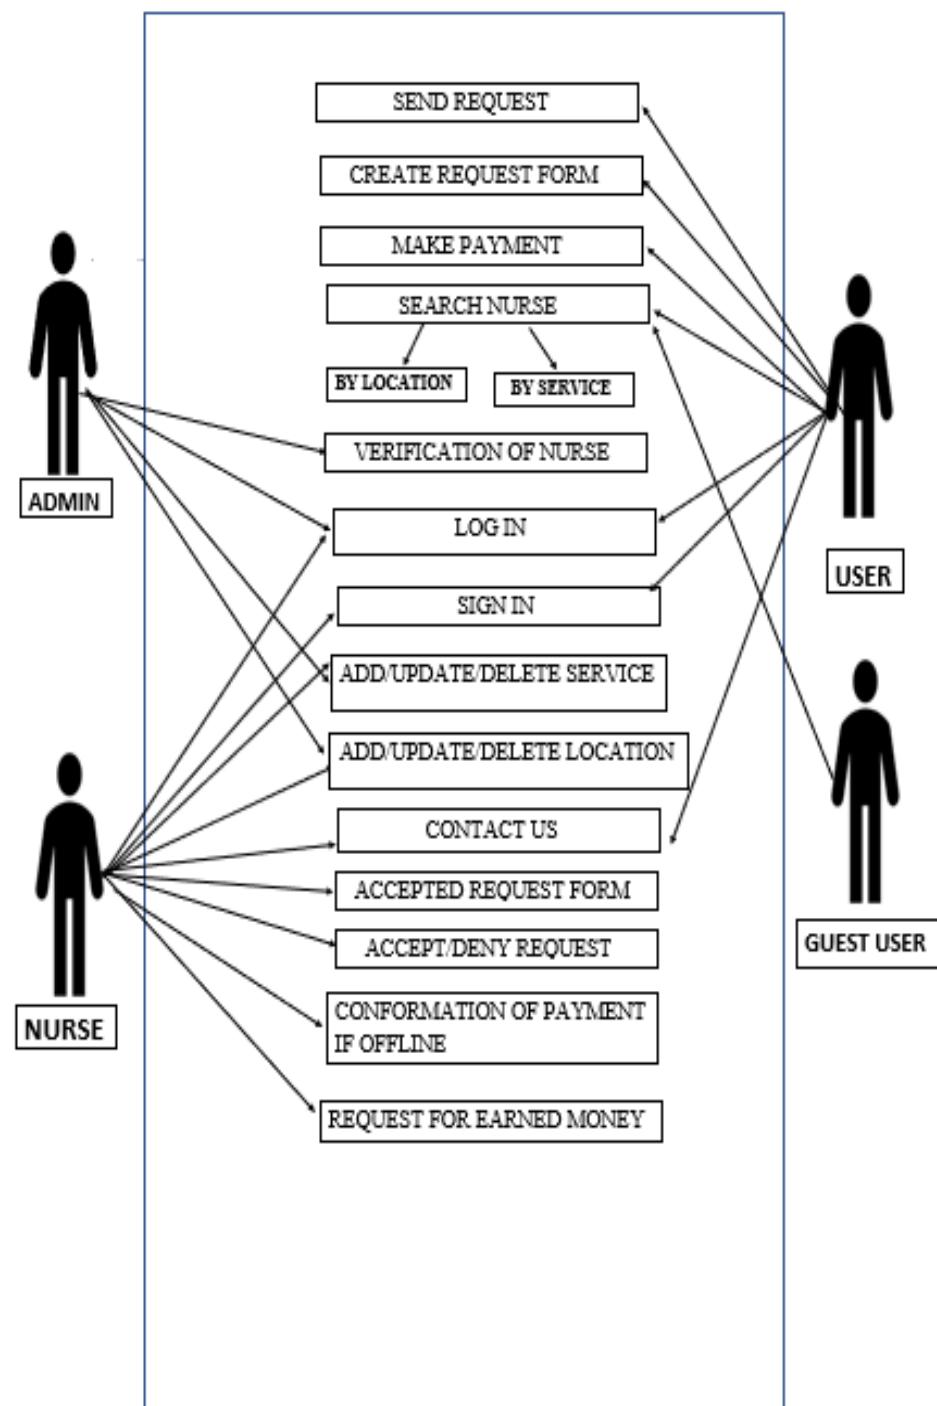

10. Location:

- **Nurse:** Here, nurse can select add/delete/update location that where she wants to provide.
- **Admin:** Admin can add/update/delete locations in the system

ABOUT US

We provide job to the nurses for providing different types of medical services at home to the patient.

Nurses are experienced minimum 2 years. Patients get treatment at their doorsteps with proper sanitary. Good quality products with sanitation are used for injections, wound care, dressing for giving a better service to patient.

- ✓ Home Based Care: End to end management of all medical needs as suggested by a Doctor, including post discharge follow-ups and other short term nursing requirements.
- ✓ Save Time, Save Money: Say Bye Bye to waiting lines, long travel hours and traffic struggles. Book an appointment at your convenience.
- ✓ Trained nurses: We hire only board certified & experienced nurses to ensure quality care at home.
- ✓ Quality Assurance: We conduct regular training sessions for all our nurses and ensure that they are updated with the new processes and methodologies.
- ✓ Packaged & Sterilized Kits: We use packaged and sterilized kits for all our procedures ensuring we follow Universal Precautions and Sterilization Techniques.

WHAT WE OFFER

Profile Home

Nurse Profile:

The screenshot shows a web browser window titled "Nurse Profile" with the URL "localhost / 127.0.0.1 / nn_db / re / Neighbouring Nurse - himanitrv / profile.php". The page has a teal header with the title "Neighbouring Nurse" and a "Profile" tab selected. On the left, a sidebar lists navigation options: Profile, Certificates, Experience, Locations, Services, Appointments, and Requested Nurses. A "Log Out" button is at the bottom. The main content area displays a yellow smiley face icon, the name "Himan Trivedi", "3 years Experience", and "RN Certificate". To the right, there are input fields for "Full Name" (Himan Trivedi), "Email" (himanitrv1874@gmail.com), and "Phone No" (9327035695). A "Bio" field contains placeholder text: "hfjef fjei jnfk hfk bjh". Below these fields are gender selection buttons ("Male" and "Female") and a "Change Password" button.

Location/Services/Appointments looks like this before admin approvals.

The screenshot shows a web browser window titled "Nurse Location" with the URL "localhost / 127.0.0.1 / nn_db / re / Neighbouring Nurse - himanitrv / location.php". The page has a teal header with the title "Neighboring Nurse" and a "Location" tab selected. The left sidebar is identical to the profile page. The main content area displays a message: "Please Wait for the Admin approval to Select Location, Services & to get into Search".

Location/Services/Appointments looks like this after admin approvals.

The screenshot shows a web browser window for the 'Neighboring Nurse' application. The title bar says 'Nurse Location' and the address bar shows 'localhost/Project/NN/Nurse/system_nurses/location.php'. The main content area has a teal header with the word 'Location'. On the left, there's a sidebar with a house icon and the text 'Neighboring Nurse'. Below it is a list of navigation items: Profile, Certificates, Experience, Locations, Services, Appointments (which is expanded), Requested Nurses, and Log Out. The main content area displays a message: 'Please Complete Your Payment' with a blue 'Pay' button below it.

Payment of RS 1000 to become Neighbouring Nurse (Deposit).

The screenshot shows a payment gateway interface for 'Neighboring Nurse Registration Fee ₹ 1,000'. The interface is in 'Test Mode'. It includes a recipient phone number '+919327035695' and a note 'himantrivedi1874...'. Below this, there are four payment methods listed: 'Card' (Visa, MasterCard, RuPay, and Maestro), 'UPI / QR' (Google Pay, PhonePe & more), 'Netbanking' (All Indian banks), and 'Wallet' (e-wallets like Paytm, SBI, and others). The background of the payment screen is dark grey.

Nurse Adding Service into profile.

The screenshot shows a web browser window with the URL `localhost/Project/NN/Nurse/system_nurses/service.php`. The page has a sidebar on the left with icons for Profile, Certificates, Experience, Locations, Services (selected), Appointments (checked), Booked Appointments, and Log Out. The main content area is titled "Service" and contains a modal dialog titled "Add New Service". The modal has three dropdown menus: "Select Service" (set to "Elder Care"), "Select Service" (set to "Injections"), and "Charges" (set to "300.00"). Below these are buttons for "Remove", "Add", and "Update". A dropdown menu in the "Select Service" field lists "Elder Care", "Wound Care", and "Vital Checks", with "Elder Care" highlighted. At the bottom of the modal are "Close" and "Submit" buttons.

Requested appointments to nurses.

The screenshot shows a web browser window with the URL `localhost/Project/NN/Nurse/system_nurses/accepted_services.php`. The sidebar on the left is identical to the previous screenshot. The main content area is titled "Appointments" and displays a table titled "Accepted Services". The table has columns: Sr, Service, Area, Timing, Charge, Status, Accept, and Decline. The data is as follows:

Sr	Service	Area	Timing	Charge	Status	Accept	Decline
1	Intravenous Fluids	Nehrunagar	2022-02-15 20:35:18	80.00 Rs.	Expired	-	-
2	Elder Care	N C Market	2022-02-18 08:05:00	220.00 Rs.	Expired	-	-
3	Elder Care	N C Market	2022-02-16 08:30:00	220.00 Rs.	Expired	-	-
4	Injections	N C Market	2022-02-18 22:00:00	150.00 Rs.	Completed	-	-
5	Wound Care	Maninagar	2022-02-19 10:45:00	190.00 Rs.	Expired	-	-
6	Catheterization	N C Market	2022-02-26 20:45:00	240.00 Rs.	Pending	✓	✗

Nurse Requested appointments to another nurse.

The screenshot shows a web browser window with the title 'Neighbouring Nurse' at the top. The main content area is titled 'Booked Appointments'. On the left, there is a sidebar with various navigation links: Profile, Certificates, Experience, Locations, Services, Appointments (which is checked), and Requested Nurses. A 'Log Out' button is also present in the sidebar. The main content area displays a table with two rows of booked appointments. The columns are labeled: Sr.no, Service Name, Nurse Name, Service Status, Cancel, Payment, Open, and Feedback. The first row shows an appointment for 'Catheterization' by 'Diya Vora' with status 'Completed', and buttons for 'Receipt' (disabled), 'open', and 'Submitted'. The second row shows an appointment for 'Injections' by 'Diya Vora' with status 'Completed', and buttons for 'Receipt', 'open', and 'Feedback'.

Sr.no	Service Name	Nurse Name	Service Status	Cancel	Payment	Open	Feedback
1	Catheterization	Diya Vora	Completed	-	Receipt	open	Submitted
2	Injections	Diya Vora	Completed	-	Receipt	open	Feedback

User:

The screenshot shows the 'Profile' section of the Neighbouring Nurse application. On the left, there's a sidebar with icons for 'Profile' (user), 'Appointments' (appointment), and a 'Log Out' button. The main area has a teal header 'Profile'. It displays a placeholder profile picture, the name 'Jayshree Trivedi', and a 'Change Password' button. To the right, there are input fields for 'Full Name' (Jayshree Trivedi), 'Email' (jatrivedi15@gmail.com), and 'Phone No' (9426033694).

Patients booked appointments with their Service status like Completed, Pending, Accepted, Canceled, Nurse canceled, Waiting, Expired and feedback.

The screenshot shows the 'Booked Appointments' section. The sidebar includes 'Profile', 'Appointments', and a 'Log Out' button. The main table lists 13 entries with columns: Sr.no, Service Name, Nurse Name, Service Status, Cancel, Payment, Open, and Feedback. The 'Service Status' column uses colored buttons to indicate the appointment status.

Sr.no	Service Name	Nurse Name	Service Status	Cancel	Payment	Open	Feedback
1	Injections	Himani Trivedi	Expired	-	-	<button>open</button>	
2	Catheterization	Diya Vora	Expired	-	-	<button>open</button>	
3	Elder Care	Himani Trivedi	Completed	-	<button>Receipt</button>	<button>open</button>	<button>Feedback</button>
4	Wound Care	Himani Trivedi	Nurse Canceled	-	-	<button>open</button>	
5	Wound Care	Himani Trivedi	You Canceled	-	-	<button>open</button>	
6	Catheterization	Mital Vora	Completed	-	<button>Receipt</button>	<button>open</button>	<button>Feedback</button>
7	Intravenous Fluids	Diya Vora	Completed	-	<button>Receipt</button>	<button>open</button>	<button>Submitted</button>
8	Catheterization	Diya Vora	Expired	-	-	<button>open</button>	
9	Injections	Himani Trivedi	You Canceled	-	-	<button>open</button>	
10	Vital Checks	Himani Trivedi	Expired	-	-	<button>open</button>	
11	Intravenous Fluids	Diya Vora	Completed	-	<button>Receipt</button>	<button>open</button>	<button>Feedback</button>
12	Injections	Diya Vora	Completed	-	<button>Receipt</button>	<button>open</button>	<button>Submitted</button>
13	Vital Checks	Himani Trivedi	Expired	-	-	<button>open</button>	

Booking An Appointment:

- To get service, the user will select service and location they need.
- Nurse will be displayed as per it.

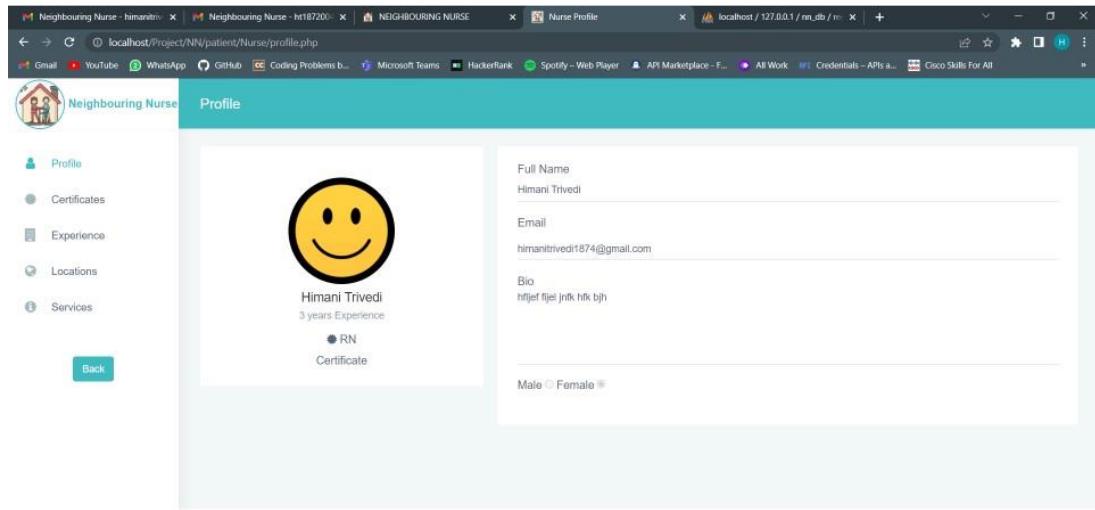

The screenshot shows a web browser window for the 'Neighbouring Nurse' website. At the top, there's a navigation bar with links for HOME, ABOUT, SERVICES, SEARCH, CONTACT US, PROFILE, and LOGOUT. Below the navigation, a banner says 'Monday - Sunday, 7AM to 10PM' and 'Call us now +1 5589 55488 55'. The main content area has a heading 'SEARCH BY SERVICE' with a sub-instruction 'Short term nursing procedures that reduce your need to visit a hospital everyday.' Below this, there are two input fields: 'Service' and 'Location', each with a 'Choose' button. A dropdown menu is open over the 'Service' field, showing options like 'Choose', 'Cardiopulmonary', 'Elder Care', 'Injections', 'Intravenous Fluids', 'Vital Checks', and 'Wound Care'. A 'submit' button is located at the bottom right of the dropdown.

- To make an appointment, user has to first log in and then "Make An Appointment".

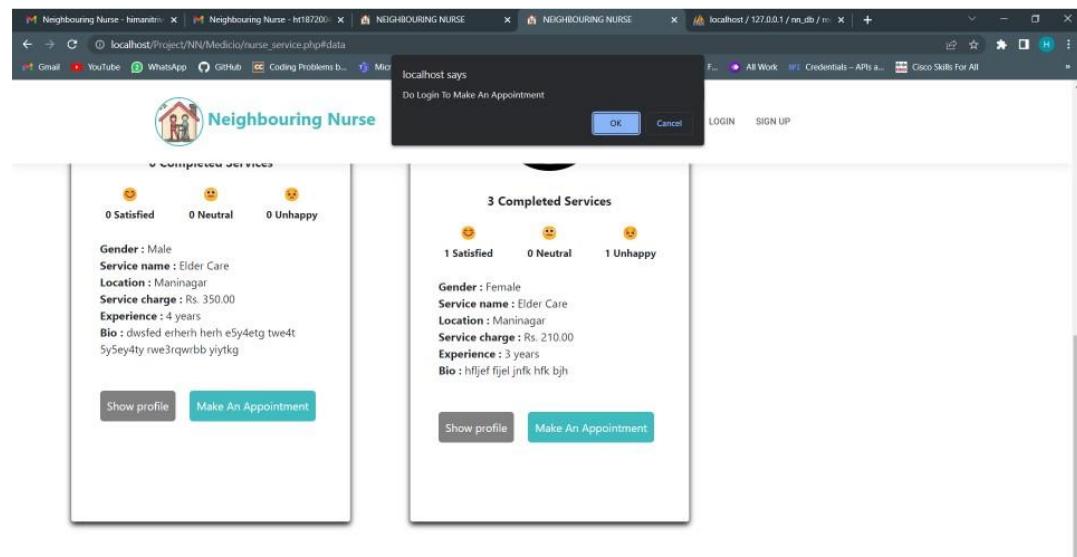

The screenshot shows a web browser displaying three profiles of nurses on the 'Neighbouring Nurse' website. Each profile card includes a photo, the nurse's name, completed services, satisfaction rating, gender, service name, location, experience, and bio. The profiles are as follows:

- Alpesh Thaker**: Male, 0 Completed Services, 0 Satisfied, 0 Neutral, 0 Unhappy. Gender: Male. Service name: Injections. Location: Maninagar. Service charge: Rs. 200.00. Experience: 4 years. Bio: dwedt erherh herh e5y4tg tw64t 3y5ey4ty rwe3qwrbb ylytkg. Buttons: Show profile, Make An Appointment.
- Diya Vora**: Female, 6 Completed Services, 1 Satisfied, 2 Neutral, 2 Unhappy. Gender: Female. Service name: Injections. Location: Maninagar. Service charge: Rs. 300.00. Experience: 3 years. Bio: wef egiewg gewg y4y y34yb. Buttons: Show profile, Make An Appointment.
- Himani Trivedi**: Female, 3 Completed Services, 1 Satisfied, 0 Neutral, 1 Unhappy. Gender: Female. Service name: Injections. Location: Maninagar. Service charge: Rs. 50.00. Experience: 3 years. Bio: hifjej fijel jnfk hfk bjh. Buttons: Show profile, Make An Appointment.

- Viewing Nurse profile while booking an appointment.

- If not logged then, prompts message to do login and takes to login screen

- A form will be displayed that asks user to enter details such as name, email, prescription, address and service time.

The screenshot shows a web browser window with a URL like `localhost:127.0.0.1/nm_db/m/`. On the left, there's a profile card for 'Alpesh Thaker' with details: Gender: Male, Service name: Catheterization, Location: Arvind Care, Service charge: Rs. 130.00, Experience: 4 years, Bio: I am a qualified nurse having 4 years of experience. On the right, a modal window titled 'Requeste Appointment' is open, prompting the user to fill in various fields: Nurse (Neha Thivedi A), Service (Catheterization), Service Charge (240.00), Date-Time (2022-02-27 20:20), Prescription (Choose File: 07149_pract1.pdf), Floor No. (12), Landmark (New Maninagar), Address (Opposite), and Pincode (382463). A 'Send Request' button is at the bottom right of the modal.

- Service time must be between 07:00AM to 09:00 PM, and for current date if time is not correct then send request will be disabled.

This screenshot shows the same web application interface. The 'Requeste Appointment' form is still open, but the 'Date-Time' field now has a red border and contains the placeholder text 'Select Correct Time'. An overlaid date picker calendar for March 2022 is visible, with the 21st day highlighted in blue. The other form fields remain the same as in the first screenshot.

- Mail will be sent to requested nurse about the request.
- Nurse email account :

Nurse email account :

Admin:

The screenshot shows the Admin Profile page. The header bar includes tabs for 'Neighboring Nurse' and 'localhost/127.0.0.1 / nn_db /'. The main content area displays the profile of 'Diya Vora' (Admin). The profile card shows a placeholder image, the name 'Diya Vora', and the title 'Admin'. To the right, there are input fields for 'Full Name' (Diya Vora), 'Email' (diyavora2003@gmail.com), and 'Phone No' (57586). A 'Change Password' button is located below these fields.

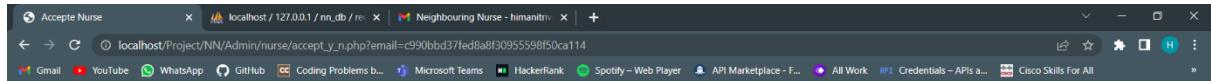

The screenshot shows the Requested Nurses page. The header bar includes tabs for 'Neighboring Nurse' and 'localhost/127.0.0.1 / nn_db /'. The main content area displays a table titled 'Requested Nurses' with two entries. The table has columns: Sr. No, Name, Gender, Accept, and Decline. The first entry is '1 John Deo Male' with 'Accept' and 'Decline' buttons. The second entry is '2 Himani Trivedi Female' with 'Accept' and 'Decline' buttons. Each row also has an 'Open' button at the end.

Sr. No	Name	Gender	Accept	Decline
1	John Deo	Male	<input checked="" type="button"/>	<input type="button"/>
2	Himani Trivedi	Female	<input checked="" type="button"/>	<input type="button"/>

Admin viewing nurse profile.

The screenshot shows a web browser window titled "Nurse Profile" with the URL localhost/Project/NN/Admin/nurse/profile.php?nurse=99f82bb3a4dfb634184b6e65918acc9e&admin=44da8393548e6ac1fbcd76bb05e63104. The page has a teal header with the title "Profile". On the left, there is a sidebar with a logo for "Neighbouring Nurse" and three menu items: "Profile", "Certificates", and "Experience". Below the sidebar is a "Back" button. The main content area displays a profile picture of a lightbulb, the name "Aashi Shah", and the text "3 years Experience", "RN", and "Certificate". To the right, there are input fields for "Full Name" (Aashi Shah), "Email" (aashishah1206@gmail.com), and "Phone No" (9327035695). There is also a "Bio" section with placeholder text about publishing and graphic design. At the bottom, there are gender selection buttons for "Male" and "Female".

The screenshot shows a web browser window titled "Refusing Nurse" with the URL localhost/Project/NN/Admin/nurse/decline_reason.php?email=99f82bb3a4dfb634184b6e65918acc9e. The page has a teal header with the title "Refusing Nurse". The main content area contains the heading "Give your reason for declining Aashi Shah" and a text input field labeled "Decline Reason" containing the text "Not sufficient Experience". Below the input field are two buttons: "Decline" and "Cancel".

Are you sure to accept Himani Trivedi
nurse?

YES NO

Data Dictionary

1. Admin

Primary Key: Admin_email

This table stores the information of admin.

Field Name	Data Type	Size	Constraint	Description
Admin_email	Varchar	255	Primary Key	Email of Admin
email2	Varchar	255	NOT NULL	Email of Admin
Password	Varchar	255	NotNull	Login Password
Phone_no	Number	10	NotNull	Ph No. of admin
Modified_time	timestamp		NotNull	
Created_Time	timestamp		NotNull	Date and time when admin created other admin
Name	Varchar	30	NotNull	Name of Admin
Verified	Number	2	Not Null	

2. location:

Primary Key: Pincode

This table stores the location related data.

Field Name	Data Type	Size	Constraint	Description
Pincode	Number	6	Primary Key	Pin code of Area
Area_name	Varchar	40	NotNull	Name of Area
district	Varchar	10	NotNull	Zones
state	Varchar	45	NotNull	Admin mail id who has made changes
Added_by	Varchar	255	NotNull	Admin who adds location
Added_time	timestamp	6	NotNull	Add time
Modified_by	Varchar	255	NotNull	Admin who modifies
Modified_time	DateTime		NotNull	Time and Date when modification is done

3. Services

Primary Key: Sid

This table stores the services related data.

Field Name	Data Type	Size	Constraint	Description
Sid	Number	10	Primary Key	Unique id for services
icons	varchar	255	NOT NULL	Service icons
Service_name	Varchar	30	NotNull	Service Name
S_charge	Decimal	(5,2)	NotNull	Service Charge
Description	Text		NotNull	Description of Service
Photos	Varchar	255	NotNull	Photos of Service
Added_by	Varchar	255	Null	Admin who adds service
Added_time	timestamp		NOT NULL	Time when admin adds service
Modified_time	timestamp		Null	Time and Date when modification is done
Modified_by	varchar	255	NOT NULL	Admin who modifies service

4. Certificate

Primary Key: id

Foreign Key: email

This table stores the certificates of nurse.

Field Name	Data Type	Size	Constraint	Description
id	number	11	Primary Key	Unique number for course id.
email	varchar	255	Foreign Key	
course	varchar	100	NotNull	Type of courses done by nurse. [Degree, Diploma, Certified]
certificate	varchar	255	NotNull	Certificates of Nurse

5. Requested Nurse

Primary Key: Email

This table stores the information of nurse who had requested.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	PrimaryKey	Email id of Nurse
Email2	Varchar	255	NotNull	
Name	Varchar	40	NotNull	Name Of Nurse
Password	Varchar	255	NotNull	Password of Nurse
Ph No	Number	20	NotNull	Ph No of Nurse
Gender	Char	1	NotNull	Gender of Nurse
total_exp	int	11	NOT NULL	
profile_pic	Varchar	255	NotNull	Profile pic of nurse
rn_cert	Varchar	255	NotNull	Registered nurse certificate
bio	text		NotNull	Nurse Bio
acc_balance	double		NotNull	Acc Balance
Added_time	timestamp		NotNull	Added Time of Nurse
Modified_Time	timestamp		Null	Modified Time
Approval Status	number	2	Foreign Key	Status of approval [Accepted/Denied/Pending] (Approval Status)
Satisfied	number	100	NotNull	Feedback of user
Neutral	number	100	NotNull	Feedback of user
Unhappy	number	100	NotNull	Feedback of user

6. Experience

Primary Key: Exp_id

Foreign Key: Email

This table stores the data related to nurse experience.

Field Name	Data Type	Size	Constraint	Description
Exp_id	Number	20	Primarykey	Unique number for Experience.
Email	Varchar	255	Foreign Key	Email id of Nurse (Requested Nurses)
Hospital_name	Varchar	30	NotNull	Name of hospital where nurse had done services.
from_date	Date		NotNull	Joining Date of nurse at hospital.
to_date	Date		NotNull	Leaving Date of nurse at hospital.
Exp_letter	Varchar	255	NotNull	Nurse experience letter.
designation	Varchar	30	NotNull	
Hos_address	Text		NotNull	Hospital address where she has worked
Exp_years	number	11	NotNull	Experience Years

.6

7. Approval Status

Primary Key: Composite (Email, Admin_email)

Foreign Key: Email, Admin_email

This table stores the data of nurse request status.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	Foreign Key	Email id of Nurse (Requested Nurses)
Admin_email	Varchar	255	Foreign Key	Email id of Admin (Admin)
Approval_Status	Varchar	3	NotNull	Status of approval From admin [Accepted/Denied/Pending]

Reason	text		NotNull	Description of rejected Nurse
Approval_time	timestamp		NotNull	Time and Date when Approval is done

.7

8. Nurse Selected Services

Foreign Key: email, service_name

This table stores the data of service details which is selected by nurse

Field Name	Data Type	Size	Constraint	Description
Email	varchar	255	Foreign Key	Nurse mail id (System Nurses)
Service_name	Number	30	Foreign Key	Service Name
S_charge	Decimal	(5,2)	NotNull	Service Charge provided by nurse

.8

9. Nurse_selected_areas

Foreign Key: email, Pincode

This table stores the data of location details which is selected by nurse

Field Name	Data Type	Size	Constraint	Description
email	varchar	255	Foreign Key	Nurse ID (System Nurses)
Pincode	int	10	Foreign Key	Pincode

.

10. Payment

Primary Key: Pay_id

Foreign Key: nurse

This table stores all the information related to nurse payment

Field Name	Data Type	Size	Constraint	Description
Pay_id	Varchar	30	PrimaryKey	Transaction id of Nurse
nurse	varchar	255	Foreign Key	(System Nurses)
Pay_time	timestamp		Null	Date of Transaction
Pay_Type	Varchar	20	Notnull	Type of Transaction
Amount	varchar	30	NotNull	Nurse's Amount

.10

11. Patient

Primary Key: Email

This table stores the user information.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	PrimaryKey	Email of User
Email2	Varchar	255	NotNull	Email of User
password	Varchar	255	NotNull	Login password
Name	Varchar	50	NotNull	Name of User/Patient
Ph No	Number	10	NotNull	PH no. of User
Created_time	timestamp		NotNull	Created Time of User
Modified_time	timestamp		Null	Time and Date when modification is done

.11

12. Request Form

Primary Key: Request_id

Foreign Key: - User_email,nurse_email

This table stores the information related to patient appointment.

Field Name	Data Type	Size	Constraint	Description
Request_id	Number	20	Primary Key	Form ID for service request.
User_Email	Varchar	255	Foreign Key	Email ID of user (Patient)
Service name	varchar	30	NotNull	Name of service
Service Date_Time	Timestam		Null	Date of service
Address	Text		NotNull	Address of User
Pincode	Number	6	Foreign Key	Pin code of Area
Prescription	Varchar	255	NotNull	Patient Prescription
Created_Req_time	timestamp		NotNull	Time and Date when request from is created
nurse_email	Varchar	255	Foreign Key	Nurse Email
Landmark	Varchar	255	NotNull	Building name
Block_Number	Varchar	10	NotNull	Block number
Status	Number	2	NotNull	Status
is_nurse	Number	2	NotNull	
Receipt	Varchar	255	Null	Receipt of payment
feed	Number	2	NotNull	Feedback

.12

13. patientLogin

Foreign Key: Email

This table stores information related to patient login.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	Foreign Key	Nurse Email
Time	Timestamp		NotNull	Login Time
IP_address	Varchar	20	NotNull	IP Address of Nurse

.13

14. User_Payment

Primary Key: Pay_id

Foreign Key: request_form

This table stores all the information related to nurse payment

Field Name	Data Type	Size	Constraint	Description
Pay_id	Varchar	30	Primary	Payment ID
time	timestamp		NotNull	Payment time
type	Varchar	50	NotNull	Payment Type(online/offline)
Request_form	Number	20	Foreign Key	Request form
Tran_amount	Varchar	50	NotNull	Transaction amount
On_off	number	2	Not Null	Payment status

.14

15. nurseLogin

This table stores information related to nurse login.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	Foreign Key	Nurse Email
Time	Timestamp		NotNull	Login Time
IP_address	Varchar	20	NotNull	IP Address of Nurse
In/out	char		NotNull	

.15

16. AdminLogin

Foreign Key: Email

This table stores information related to admin login.

Field Name	Data Type	Size	Constraint	Description
Email	Varchar	255	Foreign Key	Nurse Email
Time	Timestamp		NotNull	Login Time
IP_address	Varchar	20	NotNull	IP Address of Nurse
